## TO MINE COAL UNDER AMERICAN FLAG

## Formula for Settlement of Rail Strike Proposed by Union Leader

SCOUT REPORT  
MADE PUBLIC

The following report of the activities of the Yavapai Boy Scout council for the past quarter has been made public by Scout Executive Andrew R. Groenink:

The patrol leaders' conference held four sessions during the quarter at scout headquarters with a splendid attendance.

A total of 178 second class, 47 first class, and 17 merit badge tests were passed during the quarter.

The court of honor at its May session awarded one tenderfoot and seven second class badges.

Radio and printing clubs respectively held weekly and bi-weekly meetings.

Outdoor meetings were popular, particularly with Troops II and IV.

Publicity to the amount of 748 column inches, including 11 first-page stories, was received in the district newspapers and magazines.

The first mother and scout banquet in Prescott was given to Troop III by the Catholic Ladies' Guild and scout mothers on May 16th.

National Forest Protection week and Arbor day were properly observed by the scouts.

Memorial day, scouts participated in the parade and exercises.

Interest in Rotary Boys' week centered around the scouts and they in turn participated conspicuously in all of its activities. Scout troops entered three floats in the boys' parade, Troop IV winning first place for originality.

During the second quarter scouts demonstrated the principles of scouting through the following "good turns":

1. The Salvation Army good turn was performed almost exclusively by scouts.

2. The audience for the law enforcement lecture at the Congregational church on May 19 was largely secured by scouts.

3. Hospital day, scouts assisted the chamber of commerce committees in the distribution of flowers and packages to the patients at Whipple barracks.

4. The Memorial day wreaths were made from greens collected by scouts.

5. Moving pictures of forestry work were shown to Prescott folks under auspices of scouting.

6. Scouts printed the programs, decorated the auditorium and ushered for the Chamber of Commerce Boys' night during Rotary Boys' week.

7. At the Way Out West show scouts officiated as orderlies and program distributors.

## LICENSED TO WED

A marriage license was issued yesterday to Louis S. Chamberlain and Capitola Baer, both of Phoenix.

CLERKS AND STATION MEN ARE  
VOTING ON A POSSIBLE STRIKE

(Associated Press Night Wire)  
CINCINNATI, Ohio, July 17.—Approximately 200,000 railroad clerks, freight handlers and station and expressmen are either taking a strike vote or are expected to take one, according to information at headquarters of the Brotherhood of Railway and Steamship Clerks, Freight Handlers, Station and Express Employees here today.

Officials refused to be quoted directly or to name the roads where a strike vote is now in progress. It was said, however, by Grand President Fitzgerald that wherever the

NEGRO STRIKEBREAKERS REFUSED PLACE AT  
NEEDLES SHUTTLED ACROSS ARIZONA LIKE  
MEN WITHOUT COUNTRY; ARE STILL GOING

(Associated Press Night Wire)  
FLAGSTAFF, July 17.—Seventy-five negroes being sent by the Santa Fe railway to Needles, Calif., alighted today at Sedgman, near here, on receipt of word from Needles that they would not be permitted to leave the train at their intended destination. The negroes were then taken back to Winslow, Ariz., where the townspeople congregated at the station, compelled them to continue their journey eastward.

At Gallup, N. M., according to word received here, the commander of the local national guard organization refused to let the negroes stop and at last accounts they were still traveling.

The sheriff at Winslow today is reported to have called on Governor Campbell for national guard troops to preserve order at the Santa Fe shops, where normally 400 men are employed. Battery D, stationed here, was ordered to mobilize. Adjutant General Ingalls was in Winslow today investigating the situation and the troops are awaiting orders.

KEEP RATE UP  
ON OUR COTTON

(Associated Press Night Wire)

WASHINGTON, D. C., July 17.—The split in the republican senate ranks which developed last week when the cotton schedule was taken up, closed today after the last of the rates on cotton cloth had been approved. Senator Leuroot, republican, of Wisconsin, sought to have committee rates on fancy woven cloth and on yarns and cloth containing long staple cotton, cut down, but was unsuccessful, only three republicans voting with him.

On manufacturers of cotton such as quilts and bedspreads, Senator Leuroot and the other republicans except Borah of Idaho, voted to sustain committee rates which were reduced generally 5 per cent from the figures originally proposed by the committee.

## TORPEDO PLANE

(Associated Press)

LONDON, July 1.—(By Mail)—Designed to carry a torpedo weighing 1,500 pounds, to fly two miles a minute, and to reach an altitude of 3,000 feet in six minutes, a new torpedo plane built for the air ministry has just undergone a searching test and satisfactory trial.

## WAR QUIETLY BREWING

BELGRADE, Yugoslavia, June 27.—(By Mail)—Italians continue to control a part of Albania commercially, and the last word has not been heard from either Italy or Yugoslavia on the subject of Albania; this is the opinion of Americans here familiar with conditions in Albania.

## AROUND THE CITY

## CATHOLIC MISSION

Tuesday, July 18th

6:30 a. m., first mass with short instruction.

9 a. m., second mass with short instruction.

7:30 p. m., heads. Evening lecture, "The Vale of Shattered Hopes."

## PERMITTEES TO MEET

At a meeting of permittees of the Mayer and Turkey Creek districts of the Prescott National forest at Mayer Thursday plans of the service to erect boundary fences in those districts will be taken up with the cattlemen by H. B. Wales, supervisor of the Prescott forest. Plans to erect these fences were made known yesterday following receipt of word from Col. W. B. Greeley, national chief forester, that allotments totalling \$14,000 had been secured for expenditure on Prescott, Coconino and Tusayan National forests in this state.

## SUPERVISORS MEET

The board of supervisors yesterday held the regular middle of the month meeting, passing claims and making out the payroll. The board members during the past week have been visiting various county roads on which work is being done by the county crews under Road Foreman Sullivan, and report the work going well.

## GET WIRING CONTRACT

The contract to wire the new high school building at Jerome has been awarded to Vyne Brothers' Electric company of this city for approximately \$8,000. It was announced yesterday. The contract to construct the high school was awarded Saturday to the Egan Construction company of Phoenix for \$118,000.

## SCOUT TROOP MEETS

Troop II, B. S. A., will hold its first meeting since the annual camp at Sedona tonight at the community house at 7:30 p. m. The meeting will deal primarily with registration since the troop charter has expired and must re-register for another year to be officially recognized as a scout troop. Several new assistant scoutmasters have been recruited and it is expected that Troop II will strive very hard under their leadership, Marsh Smith is scoutmaster of the troop and has piloted the troop very efficiently in the past.

## COTTON MARKET

(Associated Press Night Wire)

NEW YORK, July 17.—Cotton closed 25 to 50 points net lower, at \$22.20.

CAVE-WOMAN  
GOES TO ARMS  
OF HUSBAND

(Associated Press Night Wire)

LOS ANGELES, July 17.—A coroner's jury today found Mrs. Clara Phillips, responsible for the death of Mrs. Alberta Meadows, her supposed rival for the affections of her husband, A. L. Phillips, and then the law having had its way, husband and wife were permitted to see each other for the first time since she was arrested. Mrs. Meadows was beaten to death with a hammer last week.

Today's meeting which took place in the jailer's office, was attended. Whatever the two said to each other was not heard by the attorneys and newspapermen present. Phillips, his wife and their attorneys held a conference. The attorneys issued a statement saying the circumstances of Mrs. Meadows' death as presented to the public thus far were incomplete and asked that judgment be suspended until the entire matter had been brought out in court.

AD CLUBS ORGANIZE  
FREE INFORMATION  
FOR AUTO TOURISTS

(Associated Press)

MINNEAPOLIS, Minn., July 17.—A program of free information to the traveling motorist in every American city and community large enough to host a name is being planned for the Associated Advertising Clubs of the World here.

Perry S. Williams, vice-president of the community advertising department of the organization, and manager of the Minneapolis Journal travel and resort bureau, is developing the plans, which include the establishment of information stations in every state having wherever possible no greater distance than 25 to 50 miles between stations.

"It is possible to place more than one-third of the population of the United States in privately owned automobiles at one time today," Mr. Williams declared. "At least 40,000,000 of our people, therefore, can tour wherever and whenever their fancy strikes them."

"The railroads have built up an extensive system over the nation for encouraging passenger train travel and for giving information concerning this mode of touring. Great as the motor travel field is at the present time, its future possibilities are stupendous with automobiles being purchased with the rapidity they now are and will continue to be."

Mr. Williams explained that not every section of the country can be a tourist terminal but the resort bureau manager pointed out that every community can place itself on the most desirable highway to and from some resort or vacation center thru the establishment of a station to form the nationwide chain of service for the motorists.

"Just as the railroads in an earlier day took their routes by way of communities which had proved good trading points or by dint of the efforts of the first citizens had built themselves up as important centers, so the main arteries of motor travel are being determined today," added Mr. Williams. "The man who travels in his own machine is following the routes over which it is easiest for him to find his way."

BLOODSHED MARKS SUDDEN OUTBREAK IN  
WEST VIRGINIA; TROOPS MAY SUPERVISE  
COAL DIGGING; LEWIS QUILTS CONFERENCE"GO AND MINE" IS  
HARDING'S WORD TO  
SOFT COAL OWNERS

(Associated Press Night Wire)

WASHINGTON, D. C., July 17.—Bituminous coal mine operators were "invited" by President Harding at the White House today to "return to your mine properties and resume operations" after they had replied to the president's tender of arbitration for settling the national coal strike with a collective offer to put their properties and their services at the disposal of the government "in this crisis."

Speaking as chairman of the group of operators after the White House conference, Alfred Ogle said the employers would make the attempt to resume operations.

Meanwhile the miners' union, through an adjournment sine die of the controlling policy committee, made certain its refusal to accept the arbitration proposal and many of its officials immediately left Washington.

The soft coal operators were likewise not a unit in accepting the government arbitration proposals but the president said that "a large majority" of them had given him permission to express his own and the public's gratitude.

There were intimations in official circles that all the implications of the decision to ask that the mines be opened, had been fully considered by the government and that there was a possibility that the protection of troops and the American flag would be furnished in districts where men were willing to work.

Employers generally held the view that some coal production would result in union fields in Pennsylvania and Ohio if nowhere else, even though executives of the non-union mines south of the Ohio river reported today that output was being cut off sharply through lack of transportation, due to the railroad strike.

LASSO ENDS WILD  
CAREER OF FILIPINO  
AMUK IN MANILA

(Associated Press Night Wire)

MANILA, P. I., July 17.—A Filipino ran amuck today in the heart of the American residential hotel and clubs district, slashing and cutting eight persons with a bolo. A large crowd pursued the Filipino to the beach at Manila bay, where he jumped into the water and was lassoed by Captain Harold Elarth, U. S. infantry, who had followed him in a boat.

There were no Americans among the frenzied bolo wielder's victims. Among the injured were a Filipino woman whose hands were cut off and who may die; a native girl eight years old, wounded in the back and neck, and another Filipino girl who was injured when she jumped into the street from a second-story window to escape her pursuer.

MURDER WARRANTS  
BY WHOLESALE OUT  
OF WELLSBURG RIOT

(Associated Press Night Wire)

WELLSBURG, W. Va., July 17.—With 43 prisoners in custody, three in Wheeling hospitals, 15 in the Ohio county jail there and 25 in jail here, deputy sheriffs armed with 200 warrants charging murder, scouring the county as far as the Pennsylvania border, and a large force of state police and deputies guarding the striking miners' tent colonies at Cliftonville, where a battle between a sheriff's force and a large crowd of men today resulted in the deaths of at least four men and the wounding of others, the situation in Brooke county was tense late tonight.

BODIES BELIEVED TO BE BURIED IN DEBRIS  
Watchers at the mines were waiting for the ruins burned in the attack, to cool before searching for bodies of two men believed to be buried under the debris.

Rumors persisted that the bodies in the morgue by no means represented the total casualties of the fight, but none of the deputy sheriffs would confirm reports that numbers of men had been shot and their bodies dragged through the woods by their comrades.

Error in repeated announcements at the sheriff's office during the day that at least seven men had been killed and their bodies brought here, was accounted for tonight by an official who said that men now known to be wounded were at first reported dead.

HOSPITALS AND JAILS  
HOLD MANY PRISONERS

Three wounded men of the attacking force were in hospitals in Wheeling and 15 others captured by deputies in the battle were in the Ohio county jail not far away. Twenty-five, three of whom had been shot, were confined in the Wellsburg jail. Seven of this number had been taken in the woods around the Clinton mine late this afternoon by state policemen who, it was reported tonight, were continuing the search.

On the other side of the state line four miles away troops of the Pennsylvania state constabulary were on guard, operating in conjunction with the West Virginia forces.

ROOSEVELT DAM'S  
ENGINEER IS DEAD

PHOENIX, July 17.—A. H. Harris, one of Arizona's foremost engineers, is dead in Los Angeles, according to word received here today. He was connected with construction of the Roosevelt dam almost from the inception of the project until its completion. He is survived by a widow and one child.

## DIES IN PLANE CRASH

LEADVILLE, Colo., July 17.—Lieut. Halsey Bingham of Fort Bliss, Texas, was instantly killed and W. R. Rhodes was seriously injured today when an airplane in which they had flown from Fort Bliss crashed near here.

POSSE STILL FAILS  
TO LOCATE ESCAPED  
MEXICANS IN SOUTH

(Associated Press Night Wire)

NOGALES, July 17.—Mamuel Martinez and Placido Silvas, escaped murderers, are believed to be hiding in the brush between Canoa ranch and Amadoville, according to information received here tonight from a posse scouring that region. About 50 possmen are beating the brush in the vicinity.

A Mexican army colonel today told local authorities that Martinez and Silvas, who escaped Thursday night when Sheriff George White who was taking them to the penitentiary was killed in an automobile accident, had crossed the border into Mexico Friday. The colonel asserted the slayers were conveyed to the border in an automobile, according to information he received, which indicated that the two were aided by countrymen in their dash to the border. The posses, however, prosecuted the hunt throughout the day. The work of the various groups of men combing the mountain and desert is handicapped by a shortage of horses.

FRANCE CLAIMS THE  
LEAD IN DISARMING

(Associated Press)

PARIS, July 1.—(By Mail)—France, "in spite of the heavy burdens which the care of ensuring her safety and of fulfilling her international obligations has imposed," is leading the world in the proportionate reduction of military expenditures, according to an official memorandum respecting the military budgets of 11 leading countries, compiled by the French government and submitted to the Associated Press.

Italy, with an increase of 300 per cent in her war budget over the year 1913-14, stands far ahead on the list, the memorandum points out, while France, with an increase of but 52 per cent is at the bottom. Other countries, the compilation shows, range in the following order:

Japan, 290 per cent; Spain, 275 per cent; Norway, 195 per cent; Great Britain, 181 per cent; United States, 174 per cent; Sweden, 155 per cent; Holland, 138 per cent; Denmark, 125 per cent, and Switzerland, 73 per cent.

The military expenditures of the five great powers, based on a gold franc standard, are set forth in the memorandum as follows:  
United States, 6,100,000,000; Great Britain, 4,300,000,000; Japan, 1,900,000,000; France, 1,823,000,000; Italy, 970,000,000.

## C. S. A. VETERAN DIES

(Associated Press Night Wire)

OPELIKA, Ala., July 17.—General George Paul Harrison, former commander in chief of the Confederate Veterans and the youngest brigadier general ever commissioned by the Confederate States of America, died here today. He was 81 years old.

## ONE KILLED IN COLLISION

JOPLIN, Mo., July 17.—One person was killed when two trains on the Frisco met in a head-on collision here late yesterday.
